

Chief's Update August 27, 2011

Dear Tempe Police Employees,

On behalf of the Barber family, it is with a heavy heart that I must inform you that our friend and brother Tim passed away this morning with friends and family at his side - after his long and courageous battle. The Assistant Chief's and I were at the hospital last night with Autumn and family, and we passed along prayers, love and support from all members of our police department family.

A hotline has been set up which will be updated with current information as information becomes available. Sgt. Rick Vasquez is coordinating CISM efforts and is also available for anyone in need of his services. Thanks again to all for your support during this most difficult time.

With Sympathy,

Tom
